P. S. I find by reference to my papers that I left the copies of the Pay Tickets with the Auditor and took the originals to have endorsements made on some of them by the Sailor Land-
lord, to whom I paid the cash for - this I will have done as I pass through New Orleans in the fall on my way to Texas - if I can find these parties, which of course is very doubtful from the great lapse of time -

I enclose a voucher for fifty dollars which I furnished Thos J. Lubbock while on government service - he could not execute his orders without this money to pay his travelling expenses -
